Comments:

- The draw used ball set 1 in the *Amethyst* machine and the average main Lotto prize was £35.00. One in every 56.1 main Lotto tickets won a prize (=1.78% of players).
- If all 13,983,816 ticket combinations were additionally [purchased](#) for the main Lotto game, they would have made a loss of £7,704,385.
- The [prior history](#) of the main Lotto jackpot ticket included 13 wins totalling £202.
- From Saturday 12th July 2003 onwards, Camelot has completely refused to issue per-draw sales figures for any of their individual games, despite continuously doing so for more than 8 years prior to that date. They blamed the media for only concentrating on the main Lotto game sales (which have been falling steadily for years), which seems to be a poor excuse to me. However, games with variable prize tiers such as the main Lotto **can** have their sales figures reverse-calculated to within a few pounds, which is what I have done.
- Manual draw comments will be available here shortly.
- [Unclaimed prizes](#) from this draw expired at 11.00pm BST on Monday 14th June 2004 and have been added to the [National Lottery Distribution Fund](#).
